EDUCATION

2005 Graduate of Central Cabarrus High School, earning a high school diploma

2007 Graduate of Stanly Community College 3.0GPA

Associate in Applied Science degree in Biomedical Equipment Technology

Certificate in Electronics Engineering Technology

SKILLS AND QUALIFICATIONS

Working knowledge of electronics

Ability to effectively troubleshoot equipment

During my internship I worked 320 hours. I worked 40 hours a week for eight weeks. I did preventive maintenance and maintenance on different kinds of infusion pumps, ventilators, respirators, defibrillators, ECG monitors, weight scales, lights, operating tables, croup tents, sterilizers, blood pressure pumps, tocos, x-ray printer, treadmills and many other pieces of hospital equipment. I had two safety standards classes dealing with asbestos and confined spaces.
